ABOUT US

ClinPrint is a company specialized in providing printing solutions exclusively for CROs, pharmaceutical companies and other companies connected to pharma industry (i.e. SMOs, drug depots, patient recruitment services, etc). We are focused on meeting the needs of pharma sector in terms of design, creation and printing of all materials required to be used in clinical trials or for meetings, congresses and daily business.

The company offers a large variety of services to choose from, i.e.: set-up of Investigator's File, hand out binders and creation of materials for meetings, Case Report Forms on NCR paper, Patient Booklets, recruitment materials, etc.

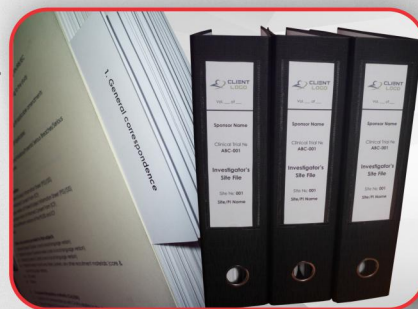

We have high standards of quality in order to offer our customers trust and satisfaction. For delivering quality to our customers we have a well-defined internal QC process for verifying that all materials are meeting the agreed requirements prior to being delivered to the customer.

SERVICES

1. Binders set up

- ✓ Initial set up of Investigator's Site Files or any other files you would need for your clinical trial (i.e.: pharmacy binders, Submission Files, etc)
- ✓ Dividers sets
- ✓ Other binders materials: Table of Contents, Inner Cover ToC, Spine labels, front/back covers, content pages

We are printing and compiling all materials into the study binders you are using in your clinical trial. We usually create Investigator Site File, however we can set up any other binders you would need in your clinical trial (i.e.: pharmacy binders, Submission Files, etc). We have a large variety of binder's models you can choose from but also different templates of dividers we can use for separating the file sections. These can be personalized based on your needs by offering different formats, colors or materials to choose from. All materials will be printed as requested and filed at the correct section of the binder as indicated in the provided Table of Contents. **The final deliverable will be the initial files ready to be used in your study.**

If you would like to ensemble the files on your own, we can only take care of printing the dividers sets, spine labels, front and back/covers and/or content pages. The final binders and/or materials will be carefully packed to avoid damaging and shipped to the place indicated by you, either to you/your affiliate's offices or directly to the study sites. We can also pre-pack the materials per site, label them accordingly and ship them to one address so it is being easier for you when you want to ship them during the course of the study.

2. Meeting materials

- ✓ Hand out folders
- ✓ Badges
- ✓ Speaker name cards
- ✓ Question Cards
- ✓ List of participants
- ✓ Invitation/Welcome Letters
- ✓ Certificates of Attendance
- ✓ Meeting Banners, Roll-Ups
- ✓ Meeting indicators
- ✓ Personalized materials: block notes, pens, USB drives or DVD/CD-ROM, etc.
- ✓ Any other materials you need for your meetings

We can set up all materials you need for your meetings (Investigator's Meeting, Monitor's Meeting, GCP Trainings, project specific meetings, congresses, etc). We can create from hand-out folders to badges, list of participants, question cards or any other materials you need for your meeting. The meeting handouts can be set up in different formats as regular A4/A5/letter size paper binder or as booklets. You can choose from the templates designed by us, or you can request your own templates for the handouts.

We can set up and personalize all the rest of materials you need for your meeting and deliver them in final format to be distributed to attendees.

SERVICES

3. NCR paper

- ✓ Case Report Forms
- ✓ Supplemental/Replacement pages
- ✓ Patient Diaries/Booklets
- ✓ Patient Questionnaires

For CRFs the printing will be done on A4 size NCR paper with 2 or 3 sheets and perforated to allow tear off of the top one/two pages and allowing the bottom one to remain in the binder. We will also print the cardboard visit dividers and file the NCR papers at the correct sections, delivering you the final CRF ready for data entry. You can choose to receive sets of supplemental/replacement pages either at the beginning together with the CRFs or during the clinical trial as requested.

For patient booklets/questionnaire we can use the classic A4/A5 size or any other size requested. The printed paper can be filed in A4/A5 binders or can be stapled all together and take the format of a book.

Like all our deliverables, we will pack and ship the final CRFs and patient booklets to the place indicated by the customer.

4. Recruitment & other materials used in clinical trials

- ✓ Subject brochures
- ✓ Subject flyers
- ✓ Subject posters
- ✓ Subject appointment reminder cards/emergency cards
- ✓ Pocket Cards
- ✓ Mini-protocols, Investigator's Brochures as spiral bound booklets
- ✓ Inclusion & Exclusion Criteria's Cards (laminated or on cardboards)
- ✓ Laboratory procedures sheets (laminated or on cardboards)
- ✓ Study Flowcharts cards (laminated or on cardboards)
- ✓ Pre-screening Checklists
- ✓ Physician Referral Cards
- ✓ Concomitant Medication Guides
- ✓ Any other materials

We have specialized staff in designing clinical trial materials (patient cards, brochures, posters, dividers, binders cover pages, spine labels, etc). We have our own templates for these materials, or we can create new templates or we can simply print the final version provided by the client.

All printing and design specifications are carefully checked with you prior to production. You can even choose to receive a hard copy of the printed materials for final review prior to placing these under production.

SERVICES

5. For your company

- ✓ Business cards
- ✓ Business cards boxes with/without company logo printed on it
- ✓ Company brochures
- ✓ Company flyers
- ✓ Personalized materials: block notes, pens, USB drives or DVD/CD-ROM, paper clips, calendars, coffee mugs, mouse pads, etc.
- ✓ GCP (and or local legislation) booklets
- ✓ Pocket cards with list of common abbreviations used in clinical trials

We can also cover other needs your company might have. We can take care of printing your publicity material (brochures, flyers), business cards for your employees or any personalized materials you like.

In case you would like us to handle any other printing job for you which is not listed in any of these sections don't hesitate to ask; we are most likely able to handle it but we probably did not thought at it yet. 😊
